Dear Chip:

On behalf of NAPIA I want to thank you and your entire team for orchestrating an outstanding seminar in Boston. I received numerous compliments from attendees regarding the dynamic style of your presentation as well as the subject matter. I also appreciated the way you involved association members on your panels.

If your goal was to "knock it out of the park" with your first attempt, then the Merlin Law Group more than cleared the fences with this year's NAPIA/MAPIA Insurance Seminar. I look forward to working with you on future programs of a similar nature.

Once again, congratulations on a job well done.

Sincerely,

David W. Barrack
Executive Director
