- Various roofing seminars sponsored by the National Roofing Contractors Association
- Project Manager Certification Classes, Spray Polyurethane Foam Alliance
- Contractor certification class, Conklin Company, Shakopee, MN
- Foam Mechanics Class, BASF, Houston, TX

Expert Testimony History:

One single case in approx. 2000. Testified as expert witness for the prosecutor in a civil case regarding a claim brought by a homeowner against a roofing company in OK District Court.

I have worked as an appraiser for various insurance companies on different cases at different times and have also served as an umpire on several cases. I've always prided myself as being impartial, making judgements in either capacity based only on what I observed and believed to be the facts.

Other Testimony History:

Preferred Roofing, Inc. was sued in the State of Texas, case # 2018CCV-61066-1, style of the case was: Miguel Montante, Luz Maria Martinez vs. AEP Texas, Inc., Preferred Roofing, Inc. Miguel Montante was a sub-contractor who was careless and got himself shocked by high voltage electricity. I gave a deposition in this case approximately July 30, 2019. Our insurance company settled this case.

Preferred Roofing, Inc. was sued in the State of Oklahoma, case # CJ-2020-52, style of the case is: Sentinel Insurance Company, LTD., as subrogee of Real Value LLC dba Simple Modern, Plaintiff, vs. Preferred Roofing Foam & Coating, Inc. and 38th/Santa Fe, LLC. Preferred Roofing was reroofing a large commercial building, tearing it off section by section and reroofing as we went to keep the building dried in. A large storm came in and tore open a section of roof that we were not working on. Because we were working on the building, everyone assumed that we had torn off a section and left it open over the weekend and it rained in. We have clear documentation and witnesses that we had the sections we were working on dried in completely. I gave a deposition on this case on approximately December 2020. This case is ongoing.

Pay Scale for Study and Testimony:

\$ 500.00 per hour
